

Corporate Governance-Report 2006
Excerpts from Annual Review 2006
and Financial Report 2006

Responsible, value-driven and transparent management and control

Effective corporate governance is an essential part of our identity. The framework for this is provided by, first and foremost, the German Stock Corporation Act and the German Corporate Governance Code. Since our share is listed on the New York Stock Exchange, we are also subject to the relevant U.S. capital market legislation as well as the rules of the Securities and Exchange Commission (SEC) and New York Stock Exchange (NYSE).

We ensure the responsible, value-driven management and control of Deutsche Bank through our system of corporate governance, which has four key elements: good relations with shareholders; effective cooperation between the Management Board and Supervisory Board; a system of performance-related compensation; and transparent, timely reporting.

SHAREHOLDERS

As is legally required, our shareholders are involved in the bank's most important decisions. These include amendments to the Articles of Association, setting the annual dividend, the issue of new shares, share repurchase programmes and important structural changes. Deutsche Bank has only one class of share, with each share carrying the same voting right. To make it easier for our shareholders to exercise their voting rights, we support the use of electronic media for the Annual General Meeting. For example, shareholders can issue their voting instructions via the Internet.

MANAGEMENT BOARD

The Management Board is responsible for managing the company. It is assisted and advised by the Group Executive Committee, which is composed of the members of the Management Board, the heads of Deutsche Bank's five core businesses, and the Head of Regional Management. This committee analyzes the development of the business divisions, discusses matters of Group strategy and prepares recommendations to support decisions which are taken by the Management Board.

SUPERVISORY BOARD

The Supervisory Board oversees and advises the Management Board. It appoints the Management Board members, and together with the Management Board, arranges for its long-term succession planning. Major initiatives of the Management Board require Supervisory Board approval. The Supervisory Board has specified the information and reporting duties of the Management Board and set up a Chairman's Committee, an Audit Committee, a Risk Committee and a Mediation Committee.

PERFORMANCE-RELATED COMPENSATION

The compensation of the Management Board members is aligned to industry standards and primarily reflects their contribution to business performance. Part of the Management Board's compensation is equity-based, and this is driven by the performance of our share price relative to that of our peers. Supervisory Board members receive a fixed and a dividend-related compensation component as well as a compensation component oriented on the mid-term share price performance measured against a group of peer companies. The chair and deputy chair of the Supervisory Board as well as the chair and members of its committees receive

additional compensation. The individual compensation of each member of the Management Board and Supervisory Board is published in the Compensation Report, which is part of the Management Report (Financial Report 2006, pages 35 ff.).

REPORTING AND TRANSPARENCY

Deutsche Bank Group's reporting is in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and the comprehensive reporting rules of the SEC. This provides for a high degree of transparency and facilitates comparability with our international peers.

CHANGES IN 2006

Effective May 3, 2006, Rolf-E. Breuer resigned as Chairman of the Supervisory Board. His successor is Clemens Börsig, who had hitherto served as Group Chief Financial and Risk Officer. Furthermore, the Supervisory Board appointed Anthony Di Iorio and Hugo Bänziger as new members of the Management Board, effective May 4, 2006. As Chief Financial Officer, Mr. Di Iorio is in charge of finance, and Dr. Bänziger in his capacity as Chief Risk Officer is responsible for risk and capital management. Management Board member Tessen von Heydebreck was named Corporate Governance Officer. The Management Board Compensation Disclosure Act applies for the first time for the financial year 2006, and we thus enhanced our previously instituted individualized disclosure with additional information.

DECLARATION OF CONFORMITY

On October 31, 2006, the Management Board and Supervisory Board issued a new Declaration of Conformity in accordance with § 161 of the German Stock Corporation Act. It states that Deutsche Bank complied with the recommendations of the German Corporate Governance Code with two exceptions: first, the directors' and officers' liability insurance policy for the Management Board and Supervisory Board members does not have a deductible, and second, a member of the Management Board became Supervisory Board Chairman as well as Chairman of several of its committees.

Our complete Corporate Governance Report for 2006 can be found in our Financial Report 2006 on pages 194 ff. This report and other documents on our corporate governance, such as the Terms of Reference for the Management Board as well as the Supervisory Board and its committees are available on the Internet at www.deutsche-bank.com/ir.

We regularly check our corporate governance in the light of new events, statutory requirements and developments in domestic and international standards and adjust it accordingly.

STANDING COMMITTEES

The Supervisory Board has established the following three standing committees. The Report of the Supervisory Board provides information on the concrete work to the committees over the preceding year.

CHAIRMAN'S COMMITTEE. The Chairman's Committee is responsible for all Management Board and Supervisory Board matters. It prepares the decisions for the Supervisory Board on the appointment and dismissal of members of the Management Board, including long-term succession planning, and is responsible for deciding on the amount and structure of the Management Board members' compensation and entering into, amending and terminating the service contracts and other agreements with the Management Board members. It provides its approval for ancillary activities of Management Board members pursuant to Section 112 of the German Stock Corporation Act and for certain contracts with Supervisory Board members pursuant to Section 114 of the German Stock Corporation Act. Furthermore, it prepares the proposal of the Supervisory Board for the election of Supervisory Board members representing the shareholders as well as the decisions of the Supervisory Board in the field of corporate governance. The Chairman's Committee held five meetings in 2006.

The current members of the Chairman's Committee are Dr. Clemens Börsig (Chairman, since May 4, 2006), Heidrun Förster, Ulrich Hartmann and Ulrich Kaufmann.

AUDIT COMMITTEE. The Audit Committee reviews the documentation relating to the annual consolidated financial statements and discusses the audit reports with the auditor. It prepares the decisions of the Supervisory Board on the annual financial statements and the approval of the consolidated financial statements and discusses important changes to the audit and accounting methods. The Audit Committee also discusses the quarterly financial statements and the report on the limited review of the quarterly financial statements with the Management Board and the auditor. In addition, the Audit Committee issues the audit mandate to the auditor elected by the General Meeting. It resolves on the compensation paid to the auditor and monitors the auditor's independence, qualifications and efficiency. The head of internal audit reports to the Audit Committee several times during the year on the work done by internal audit. The Audit Committee is informed about special audits, substantial complaints and other exceptional measures on the part of bank regulatory authorities. It has functional responsibility for taking receipt of and dealing with complaints concerning accounting, internal controls and issues relating to the audit. Subject to its review, the Audit Committee grants its approval for mandates engaging the auditor for non-audit-related services (in this context, see also "Principal Accounting Fees and Services" on pages 211-212). RISK COMMITTEE. The Risk Committee handles loans which require a resolution by the Supervisory Board pursuant to law or our Articles of Association. Subject to its review, it grants its approval for the acquisition of shareholdings in other companies that amount to between 2% and 3% of our regulatory banking capital. At the meetings of the Risk Committee, the Management Board reports on credit, market, liquidity, operational, litigation and reputational risks. The Management Board also reports on risk strategy, credit portfolios, loans requiring a Supervisory Board approval pursuant to law or the Articles of Association, questions of capital resources and matters of special importance due to the risks they entail. The Risk Committee held six meetings in 2006.

In voting on such proposals, members of the Management Board are dismissed or appointed by a simple majority of the votes cast. The current members of the Mediation Committee are Dr. Clemens Börsig (Chairman, since May 4, 2006), Heidrun Förster, Ulrich Hartmann and Henriette Mark. The Mediation Committee did not hold any meetings in 2006.

DIRECTORS' DEALINGS

Section 15a of the German Securities Trading Act (Wertpapierhandelsgesetz) requires persons discharging managerial responsibilities within an issuer of financial instruments to disclose their personal transactions in shares of the issuer and financial instruments based on them, especially derivatives, to the issuer and to the Federal Financial Supervisory Authority (BaFin). The duty of disclosure applies to the members of the Management Board and of the Supervisory Board as well as other managers of Deutsche Bank who have regular access to inside information about the company and are empowered to make significant managerial decisions. The duty of disclosure also applies to persons and certain legal entities closely associated with a person discharging managerial responsibilities at Deutsche Bank.

RELATED PARTY TRANSACTIONS

We have business relationships with a number of the companies in which we own significant equity interests. We also have business relationships with a number of companies where members of our Management Board also hold positions on boards of directors. Our business relationships with these companies cover many of the financial services we provide to our clients generally.

We believe that we conduct all of our business with these companies on terms equivalent to those that would exist if we did not have equity holdings in them or management members in common, and that we have conducted business with these companies on that basis in 2006 and prior years. None of these transactions is or was material to us.

Among our business with related party companies in 2006 there have been and currently are loans, guarantees and commitments. All of these lending-related credit exposures (excluding derivatives), which totaled €3.6 billion (including loans of €0.9 billion) as of January 31, 2007,

- were made in the ordinary course of business,
- were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and
- did not involve more than the normal risk of collectibility or present other unfavorable features.

We have not conducted material business with parties that fall outside of the definition of related parties, but with whom we or our related parties have a relationship that enables the parties to negotiate terms of material transactions that may not be available from other, more clearly independent, parties on an arm's-length basis.

EUROHYPO

EUROHYPO AG ("EUROHYPO") resulted from a merger of our mortgage bank subsidiary EUROHYPO Europäische Hypothekenbank der Deutschen Bank AG with the mortgage bank subsidiaries of Dresdner Bank AG and Commerzbank AG in 2002. Subsequently, our German commercial real estate financing division, Dresdner Bank AG's U.S.-based real estate investment banking team, and part of our London-based real estate business were transferred to EUROHYPO. After these transactions, we owned 37.72% of the outstanding share capital of EUROHYPO. In November 2005, we entered into a sale and purchase agreement to sell our entire 37.72% stake in EUROHYPO to Commerzbank AG for a total consideration of €2.6 billion. In December 2005, the first tranche of this transaction with a total value of €0.7 billion was completed, reducing our stake to 27.99%. The remaining tranche of the transaction was transferred in the first quarter of 2006.

We, Commerzbank AG and Dresdner Bank AG each granted EUROHYPO financial guarantees to protect EUROHYPO against losses resulting from loans each contributed to the new entity up to a fixed maximum amount for the period until December 31, 2006. The maximum amount of the financial guarantees of Commerzbank AG and Dresdner Bank AG were utilized by the end of 2003. By the end of 2005, EUROHYPO had made claims in respect of the full amount of our financial guarantee, which had an initial maximum amount of €283 million. In connection with the sale of our stake in EUROHYPO to Commerzbank AG, we settled the guarantee by full payment to EUROHYPO, at the same time reserving some rights in respect of this payment against Commerzbank AG.

Prior to its disposition, we accounted for our investment in EUROHYPO under the equity method and as such recognized in our income statement our proportional share of the after-tax earnings or losses of EUROHYPO as reported applying U.S. GAAP.

We continue to provide EUROHYPO with loans and credit lines. Total loans and credit lines as of December 31, 2006 were €795 million, of which €793 million were utilized at that date.

Furthermore, we held fixed income securities issued by EUROHYPO, classified as securities available for sale, in the amount of €311 million as of December 31, 2006.

XCHANGING ETB GMBH

We hold a stake of 44 % in Xchanging etb GmbH and account for it under the equity method. Xchanging etb GmbH is the holding company of Xchanging Transaction Bank GmbH ("XTB"), our former subsidiary European Transaction Bank GmbH, which is a provider of security settlement services. Of the remaining capital, 51 % is owned by Xchanging HoldCo No 3 Ltd (UK), a 100 % subsidiary of Xchanging B.V. (NL) ("Xchanging"), which has management control over and full operational responsibility for XTB, while 5 % is held by one of the larger clients of XTB. Two of the five executive directors of Xchanging etb GmbH and one member of the supervisory board of XTB are employed by us.

Our arrangements reached with Xchanging in 2004 include a 12-year outsourcing agreement with XTB for security settlement services and are aimed at reducing our costs without compromising service quality. In 2006, we received services from XTB with a volume of €100 million and provided supply services (e.g. IT and real estate-related services) with a volume of €35 million to XTB.

GRUNDBESITZ-INVEST

In 2005, Grundbesitz-invest ("Grundbesitz"), an open-end property fund sponsored and managed by a subsidiary of ours, temporarily suspended the issuance and redemption of its share units pending an extraordinary revaluation of its real estate assets. Grundbesitz re-opened for issuance and redemption on March 3, 2006. We committed to support Grundbesitz's liquidity upon its re-opening by various means. In 2005, we recorded a provision of €203 million representing the estimated direct and indirect costs of compensation to certain fund share unit holders. In December 2006, the fund manager sold a major portion of Grundbesitz's German real estate portfolio to Eurocastle, and Grundbesitz has realized significant book gains for its investors on such sale. As a result and as of the date hereof, we do not expect to have any further material risk from our prior commitments made in relation to Grundbesitz. In 2006, we released €111 million of the provision mentioned above.

RELATED PARTY NONACCRUAL LOANS

Aside from our other shareholdings, we hold acquired equity interests in some of our clients arising from our efforts to protect our then-outstanding lending exposures to them.

The table below shows information on loans to related party companies that we have classified as nonaccrual as of December 31, 2006. As such, these nonaccrual loans may exhibit more than normal risk of collectibility or present other unfavorable features. The amounts outstanding disclosed for January 31, 2007 aggregate to € 39 million, down € 3 million or 7 % from January 31, 2006. Our participating interests in customer A is 10 % or more of its voting rights. We hold a significant portion of the outstanding equity interests in customers B and C noted below and account for these equity interests in our financial statements using the equity method of accounting (as described in Note [1] to the consolidated financial statements). We hold Radio Movil Digital Americas, Inc. as an unconsolidated subsidiary.

in € m.	Amount outstanding as of January 31, 2007	Largest amount out- standing January 1, 2006 to January 31, 2007	Nature of the loan and transaction in which incurred

We have not disclosed the names of the customers referred to by letters above because we have concluded that such disclosure would conflict with applicable privacy laws, such as customer confidentiality and data protection laws, and such customers have not waived application of these privacy laws. AUDITING AND CONTROLLING

AUDIT COMMITTEE FINANCIAL EXPERT

Our Supervisory Board has determined that Dr. Clemens Börsig and Dr. Karl-Gerhard Eick, who are members of its Audit Committee, are “audit committee financial experts”, as such term is defined by the regulations of the Securities and Exchange Commission issued pursuant to Section 407 of the Sarbanes-Oxley Act of 2002. The audit committee financial experts mentioned above are “independent” of us, as defined in Rule 10A-3 under the U.S. Securities Exchange Act of 1934, which is the definition to which we, as a foreign private issuer the common shares of which are listed on the New York Stock Exchange, are subject.

CODE OF ETHICS

In response to Section 406 of the Sarbanes-Oxley Act of 2002, we have adopted a code of ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. A copy of this code of ethics is available on our Internet website at <http://www.deutsche-bank.com/corporate-governance>.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

In accordance with German law, our principal accountants are appointed by our Annual General Meeting based on a recommendation of our Supervisory Board. The Audit Committee of our Supervisory Board prepares the board's recommendation on the selection of the principal accountants. Subsequent to the principal accountants' appointment, the Audit Committee awards the contract and in its sole authority approves the terms and scope of the audit and all audit engagement fees as well as monitors the principal accountants' independence. At our 2005 and 2006 Annual General Meetings, our shareholders appointed KPMG Deutsche Treuhand-Gesellschaft Aktiengesellschaft Wirtschaftsprüfungsgesellschaft, which had been our principal accountants for a number of years, as our principal accountants for the 2005 and 2006 fiscal years, respectively.

The table set forth below contains the aggregate fees billed for each of the last two fiscal years by our principal accountants in each of the following categories: (i) Audit Fees, which are fees for professional services for the audit of our annual financial statements or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years, (ii) Audit-Related Fees, which are fees for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported as Audit Fees, (iii) Tax Fees, which are fees for professional services rendered for tax compliance, tax consulting and tax planning, and (iv) All Other Fees, which are fees for products and services other than Audit Fees, Audit-Related Fees and Tax Fees. These amounts exclude expenses and VAT.

Fee category in € m.	2006	2005
Audit fees	44	42
Audit-related fees	10	9
Tax fees	7	8
All other fees	–	–
Total fees	61	59

Our Audit-Related Fees included fees for accounting advisory, due diligence relating to actual or contemplated acquisitions and dispositions, attestation engagements and other agreed-upon procedure engagements. Our Tax Fees included fees for services relating to the preparation and review of tax returns and related compliance assistance and advice, tax consultation and advice relating to Group tax planning strategies and initiatives and assistance with assessing compliance with tax regulations. Our Other Fees were incurred for project-related advisory services.

United States law and regulations, and our own policies, generally require all engagements of our principal accountants be pre-approved by our Audit Committee or pursuant to policies and procedures adopted by it. Our Audit Committee has adopted the following policies and procedures for consideration and approval of requests to engage our principal accountants to perform non-audited services. Engagement requests must in the first instance be submitted to the Accounting Engagement Team established and supervised by our Group Finance Committee, whose members consist of our Chief Financial Officer and senior members of our Finance and Tax departments. If the request relates to services that would impair the independence of our principal accountants, the request must be rejected. Our Audit Committee has given its pre-approval for specified assurance, financial advisory and tax services, provided the expected fees for any such service do not exceed € 1 million. If the engagement request relates to such specified pre-approved services, it may be approved by the Group Finance Committee, which must thereafter report such approval to the Audit Committee. If the engagement request relates neither to prohibited non-audit services nor to pre-approved

non-audit services, it must be forwarded by the Group Finance Committee to the Audit Committee for consideration. In addition, to facilitate the consideration of engagement requests between its meetings, the Audit Committee has delegated approval authority to several of its members who are “independent” as defined by the Securities and Exchange Commission and the New York Stock Exchange. Such members are required to report any approvals made by them to the Audit Committee at its next meeting.

Additionally, United States law and regulations permit the pre-approval requirement to be waived with respect to engagements for non-audit services aggregating no more than five percent of the total amount of revenues we paid to our principal accountants, if such engagements were not recognized by us at the time of engagement and were promptly brought to the attention of our Audit Committee or a designated member thereof and approved prior to the completion of the audit. In each of 2005 and 2006, the percentage of the total amount of revenue we paid to our principal accountants represented by non-audit services in each category that were subject to such a waiver was less than 5%.

COMPLIANCE WITH THE GERMAN CORPORATE GOVERNANCE CODE

DECLARATION OF CONFORMITY 2006

The Management Board and Supervisory Board issued a new Declaration of Conformity in accordance with § 161 German Stock Corporation Act (AktG) on October 31, 2006. Since the last Declaration of Conformity dated October 27, 2005, Deutsche Bank AG has complied with the recommendations of the “Government Commission’s German Corporate Governance Code” in the version dated June 2, 2005, and since June 12, 2006, in the appropriate version with the following exceptions:

- For the members of the Management Board and Supervisory Board, there is a directors’ and officers’ liability insurance policy without a deductible (Code No. 3.8). This is actually a group insurance policy for a large number of staff members in Germany and abroad. Internationally, a deductible is unusual; a differentiation between board members and staff members does not appear to be appropriate.
- A member of the Management Board became Supervisory Board Chairman as well as Chairman of several Supervisory Board committees after leaving the Management Board (Code No. 5.4.4, sentence 1). Code No. 5.4.4, sentence 1 recommends that a Management Board member shall not as a rule become the Chairman of the Supervisory Board or the Chairman of Supervisory Board committees. In this specific case, the Supervisory Board believed that the Chair of the Supervisory Board of Deutsche Bank AG should only be transferred to someone who, through personal and senior managerial experience, is familiar with the complex nature of a bank with global operations. For this reason, the transfer from the Management Board to Chairman of the Supervisory Board was warranted.

This Declaration is based on the recommendations of the Code in the version dated June 2, 2005, and – since it became effective – the version dated June 12, 2006.

Deutsche Bank will act in conformity with the recommendations of the “Government Commission’s German Corporate Governance Code” in the Code version dated June 12, 2006, with the following exception:

- For the members of the Management Board and Supervisory Board, there is a directors’ and officers’ liability insurance policy without a deductible (Code No. 3.8). This is actually a group insurance policy for a large number of staff members in Germany and abroad. Internationally, a deductible is unusual; a differentiation between board members and staff members thus does not appear to be appropriate.

The Declaration of Conformity dated October 31, 2006, and all of the previous versions of the Declaration of Conformity are published on Deutsche Bank’s website at www.deutsche-bank.com/corporate-governance, where a copy of the German Corporate Governance Code is also available.

STATEMENT ON THE SUGGESTIONS OF THE GERMAN CORPORATE GOVERNANCE CODE

Deutsche Bank voluntarily complies with the suggestions of the Code in the version dated June 12, 2006, with the following exceptions:

- The representatives appointed by Deutsche Bank to exercise shareholders’ voting rights can be reached by those attending the General Meeting until just before voting commences. The representatives are reachable by those not attending until 12 noon on the day of the General Meeting using the instruction tool in the Internet (Code No. 2.3.3). In this manner, the risk of any technical disruptions directly before voting takes place can basically be excluded. The broadcast through the Internet also ends at the latest at this time, which means information useful for non-participants in forming an opinion can no longer be expected thereafter.
- Our broadcast of the General Meeting through the Internet (Code No. 2.3.4) covers the opening of the General Meeting by the Chairman and the report of the Management Board. The shareholders are thus free to hold their discussions with management unencumbered by a public broadcast to a wide audience.
- Previously, all of the members of the Supervisory Board have been elected for a uniform period of office (Code No. 5.4.6). However, according to § 9 (1) of the Articles of Association, it is possible to vary the periods of office in future elections.
