Chief Financial Officer

Passion to Perform

Deutsche Bank German & Austrian Corporate Conference
Frankfurt, 19 May 2011

Summary

- Strong 1Q results validate our strategy laid out in Management Agenda Phase 4 – EUR 10 bn pre-tax profit target for our business divisions in sight
- Regulatory and fiscal challenges will have meaningful impact on international competitiveness but will also provide opportunities
- Substantial investments made over past two years will drive very strong earnings growth
- CB&S business is heavily geared towards delivering profitability in post Basel III environment through transformation and focused investments
- Classic banking businesses are recalibrating around a more focused, profit- and growth-oriented model

New Deutsche Bank is taking shape: Well capitalized, more balanced, more efficient, and with a clear value proposition for shareholders

Cautionary statements

This presentation contains forward-looking statements. Forward-looking statements are statements that are not historical facts; they include statements about our beliefs and expectations and the assumptions underlying them. These statements are based on plans, estimates and projections as they are currently available to the management of Deutsche Bank. Forward-looking statements therefore speak only as of the date they are made, and we undertake no obligation to update publicly any of them in light of new information or future events.

By their very nature, forward-looking statements involve risks and uncertainties. A number of important factors could therefore cause actual results to differ materially from those contained in any forward-looking statement. Such factors include the conditions in the financial markets in Germany, in Europe, in the United States and elsewhere from which we derive a substantial portion of our revenues and in which we hold a substantial portion of our assets, the development of asset prices and market volatility, potential defaults of borrowers or trading counterparties, the implementation of our strategic initiatives, the reliability of our risk management policies, procedures and methods, and other risks referenced in our filings with the U.S. Securities and Exchange Commission. Such factors are described in detail in our SEC Form 20-F of 15 March 2011 under the heading “Risk Factors.” Copies of this document are readily available upon request or can be downloaded from www.deutsche-bank.com/ir.

This presentation also contains non-IFRS financial measures. For a reconciliation to directly comparable figures reported under IFRS, to the extent such reconciliation is not provided in this presentation, refer to the 1Q2011 Financial Data Supplement, which is accompanying this presentation and available at www.deutsche-bank.com/ir.
