Sixth Supplemental Registration Document dated 14 December 2017 to the Registration Document dated 10 April 2017

pursuant to §16 (1) and (3), §9 (4) and § 12 (1) 3 of the German Securities Prospectus Act (*Wertpapierprospektgesetz, WpPG*)

English Language Version

This sixth supplemental registration document (the “**Sixth Supplement**”) to the Registration Document amends the Registration Document dated 10 April 2017, as supplemented by the First Supplement dated 23 May 2017, the Second Supplement dated 13 June 2017, the Third Supplement dated 15 August 2017, the Fourth Supplement dated 12 October 2017 and the Fifth Supplement dated 6 November 2017.

This Supplemental Registration Document has been approved by the *Bundesanstalt für Finanzdienstleistungsaufsicht*. The *Bundesanstalt für Finanzdienstleistungsaufsicht* decided on the approval after assessing the completeness of the Supplemental Registration Document, including an assessment of the coherence as well as the comprehensibility of the submitted information. The Supplemental Registration Document has been published on the website of Deutsche Bank Aktiengesellschaft www.db.com under „Investor Relations“, “Creditor Information”, (Prospectuses/Documents) ”Registration Documents” on the date of its approval.

Withdrawal Right

In accordance with Section 16 para. 3 of the German Securities Prospectus Act (*Wertpapierprospektgesetz*), investors who have, in the course of an offer of securities to the public, already agreed to purchase or subscribe for the securities, before the publication of this Supplement, have the right, exercisable within two working days after the publication of the Supplement, to withdraw their acceptances, provided that the new factor, mistake or inaccuracy referred to in Section 16 para. 1 of the German Securities Prospectus Act arose before the final closing of the offer to the public and the delivery of the securities.

The right to withdraw is exercisable by notification to Deutsche Bank Aktiengesellschaft, Taunusanlage 12, 60325 Frankfurt am Main, Germany. The withdrawal does not have to provide any grounds and has to be provided in text form; dispatch of the withdrawal in good time is sufficient to comply with the time limit.

The new factor resulting in this Supplemental Registration Document is the publication by the rating agency Moody’s Investors Service Inc. (“Moody’s”) on 12 December 2017 regarding the change of the outlook from “stable” to “negative” in the long-term non-preferred senior debt rating of the issuer.

This Supplement corrects the information contained in the above-mentioned Registration Document as follows:

Due to the change of the outlook from “stable” to “negative” in the long-term non-preferred senior debt rating of the issuer by Moody’s, the information regarding the rating in the section “**RISK FACTORS**” on pages 4 and 5 of the Registration Document in the paragraphs starting with “**Moody’s**” until the sub-heading “**S&P**” shall be deleted and replaced as follows:

“Moody’s

Long-term non-preferred senior debt: Baa2 (negative)

Short-term senior debt: P-2 (stable)

Moody’s defines:

Baa2: Obligations rated “Baa” are judged to be medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics.

Moody’s long-term obligation ratings are divided into several categories ranging from “Aaa”, reflecting the highest quality, subject to the lowest level of credit risk, over categories “Aa”, “A”, “Baa”, “Ba”, “B”, “Caa”, “Ca” to category “C”, reflecting the lowest rated obligations which are typically in default, with little prospect for recovery of principal or interest. Moody’s appends numerical modifiers 1, 2 and 3 to each generic rating classification from “Aa” through “Caa”. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

P-2: Issuers (or supporting institutions) rated Prime-2 have a strong ability to repay short-term debt obligations.

Moody’s short-term obligation ratings are divided into several categories ranging from “P-1”, reflecting a superior ability of an issuer to repay short-term debt obligations, over categories “P-2” and “P-3” to category “NP”, reflecting that an issuer does not fall within any of the Prime rating categories.

Outlook /
Review:

A rating outlook is an opinion regarding the likely rating direction over the medium term. Rating outlooks fall into four categories: Positive (POS), Negative (NEG), Stable (STA), and Developing (DEV). A designation of RUR (Rating(s) Under Review) indicates that an issuer has one or more ratings under review, which overrides the outlook designation. A stable outlook indicates a low likelihood of a rating change over the medium term. A negative, positive or developing outlook indicates a higher likelihood of a rating change over the medium term.

A review indicates that a rating is under consideration for a change in the near term. A rating can be placed on review for upgrade (UPG), downgrade (DNG), or more rarely with direction uncertain (UNC). A review may end with a rating being upgraded, downgraded, or confirmed without a change to the rating. Ratings on review are said to be on Moody's "Watchlist" or "On Watch". Ratings are placed on review when a rating action may be warranted in the near term but further information or analysis is needed to reach a decision on the need for a rating change or the magnitude of the potential change."
